International Conference on RECENT INNOVATIONS IN PRODUCTION ENGINEERING - 2024 (RIPE - 2024)

Date : 30th & 31st May, 2024

in association with

The Institution of Engineers (India) Tamil Nadu State Center
&
Indian Institution of Production Engineers

ABOUT THE CONFERENCE

The Department of Production Technology is organizing the second International Conference on Recent Innovations in Production Engineering (RIPE 2024) in line with the various National and International conferences and workshops conducted in the past in the area of manufacturing, design, mechatronics, automation and inspection. The noble aim of the conference is to bring together the professional and budding researchers on a common platform to discuss and exchange the ideas on recent developments and challenges in the field of Production Engineering.

This will provide opportunities to researchers to grade their work, to learn new methods of experimentation and analysis and to create new directions in their research and organization. It also aims to share the expert overview in selected research field through key note lectures by eminent speakers from India and abroad.

THEMES OF THE CONFERENCE

- ❖ Sustainable Manufacturing
- ❖ Robotics and Automation
- ❖ Industry 4.0
- ❖ Additive Manufacturing
- ❖ Advanced Manufacturing
- ❖ Composites
- ❖ Smart Materials
- ❖ Surface Engineering
- ❖ Resource Management

PAPER SUBMISSION

- ❖ The paper should be submitted as per the template specified in the website.
- ❖ Papers should be of non-published and original work.

PUBLICATION

- ❖ RIPE 2024 conference proceedings of Extended Abstract with ISBN Number.
- ❖ **Nanoworld Journal (ISSN: 2379-1101 - Scopus indexed)** with an article processing charge of 145 USD.
- ❖ **Materials Science- Medžiagotyra (SCIE /WoS indexed)** - Anna University Annexure list Sl.No 11165 as regular issue with an article processing charge of 55 Euro (+GST) per page.
- ❖ The complete list of participating Journals/Proceedings will be updated on the website soon.
