Advanced Machines and Drives Laboratory

Equipment
Measurement, Control and Monitoring of Electrical Parameters using Embedded Controls for Advanced Electrical Machines and Drives

Make
Kirloskar

A.C Generator
DC Machines
DC Machines
Induction Motor
Advanced Machines and Drives Laboratory

Equipment
Integrated Test Facility for Advanced Electric AC and DC Machines with Drives Assembly

Make
Allen-Bradley by Rockwell Automation
Advanced Machines and Drives Laboratory

Equipment

3 Phase 5KVA Synchronous motor loading arrangements

Make

Kirloskar
Equipment

1 H.P Single phase induction motor with loading arrangements

Make

Crompton Greaves
